This Safety Data Sheet (SDS) has been prepared to replace the previously used Material Safety Data Sheet. This SDS has been constructed to comply with the Global Harmonized System of Classification and Labeling Chemicals, Third Revised Edition adopted in 2009.

This SDS has been prepared on the basis of information provided by our suppliers and others that we feel are reliable. To the best of our knowledge, the information, data, and recommendations contained herein is accurate and is provided in good faith. However, A.E.R.T., Inc. (Advanced Environmental Recycling Technologies, Inc.) makes no representation regarding the comprehensiveness of the information and consequently assumes no liability whatsoever for the information contained herein. This SDS shall be used only as a guide for handling the product. In the course of using or handling the product other considerations may arise. The conditions related to using, handling, storing, and disposing of the product are beyond the control of the manufacturer. Therefore, no warranty, expressed or implied, shall be created or inferred by any statement in this SDS. No responsibility is assumed regarding the accuracy, completeness, or suitability of the information contained herein or the results obtained from its use. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist. Nothing contained herein is intended as a recommendation for uses that may infringe patents or other protected rights. Appropriate instructions for use including safe handling procedures should be provided to all handlers and users. The user should fully comply with local, state, national, and international regulations concerning the use of this product.

Always use the most current version of this document available from AERT, Inc. at the contact information supplied above.
