

Vision[®]

Capped Wood Composite Decking

Bold. Refined. Infinite.

Step up to the future of decking with our strongest capped wood composite board. Vision provides unbeatable moisture protection with The Solid Core Difference that enables our decking to be installed on the ground, in the ground or underwater by creating an impermeable barrier that also fights damage from rot, insects and other harmful elements. With our exclusive DiamondDefense™ Coating that resists scratches, stains and fading, Vision deck boards also feature CoolDeck® Technology that reduces heat absorption up to 35%.* Choose from beautiful colors and textures that reflect the look of real hardwood while ensuring unmatched performance that is designed to last a lifetime.

**Reduces heat absorption by up to 35% compared to standard capped composites in a similar color.*

 Solid Core The Solid Core Difference	 CoolDeck® Technology	 zero Zero Structural Field Failures in 30+ Years	<ul style="list-style-type: none">• Made in the USA with 95% recycled material• 20-Year Commercial Limited Structural Warranty and Transferable 50-Year Residential Structural Warranty• 50-Year Fade* and Stain Warranty• Marine Grade 2x option spans 24"• Approved for use as cladding• 1" x 5.4" boards available in 12', 16' and 20' lengths• Available in grooved and solid edges• Approved for use in California Wildland Urban Interface (WUI) zones (WUI Listing No. 8110-2321:0500)
