

Vision[®]

Capped Composite Decking

It's time to step up to the future of composite decking. Vision, our strongest capped wood composite board, features reduced heat absorption and an enhanced finish with distinctive style that is comfortable underfoot and resistant to scratches, stains and impact.

The Solid Core Difference

An impermeable barrier that fights damage from moisture, rot, insects and other harmful elements.

Zero Structural Field Failures

Our products have stood up to the elements for more than 30 years with no structural field failures.

Slip Resistance

Slip resistant decking—perfect for bare feet.

CoolDeck[®] Technology

Heat mitigating technology keeps boards up to 30° cooler* than leading competitors' composite and PVC deck boards.

DiamondDefense[™] Coating

Creates the strongest composite cap in the industry to resist damage from scratches, stains and fading.

Marine Grade 2X

Marine grade boards are rated for a 24" joist span.

**When compared to competitor's deck boards of similar or lighter brightness (L* value)*

- 20-Year Commercial Limited Structural Warranty and Transferable 50-Year Residential Structural Warranty
- 50-Year Fade and Stain Warranty*
- Made in the USA with 95% recycled material
- Approved for open-joint cladding
- Dimensional wood grain texture
