

Navigator™

Composite Railing

Exceptional. Bold. Distinguished.

Designed to be water-resistant like MoistureShield's composite decking, our premium Navigator line of solid core composite railing offers the look and feel of real wood. With a strong material composition at its core that fights damage from rot, insects and other harmful elements and an acrylic cap, the Navigator boasts three distinctive top rail options along with chamfered posts and balusters. A seamless rail combined with a unique hidden bracket system that conceals fasteners provides a craftsman-like install and modern, clean aesthetic. Available with three infill options — square balusters, black round aluminum balusters or stainless-steel cable.

The Solid Core Difference

Industry-Leading Warranty

- True-to-length panels
- Architectural detailing on balusters and posts
- Looks and feels like painted wood
- Paintable acrylic cap
- Hidden bracket system
- Code compliant
- Made in the USA with Transferable Limited Lifetime Warranty
- Level Rail Kits: Available in 36" or 42" heights and 6' or 8' lengths
- Stair Rail Kits: Available in 36" or 42" heights and 6' lengths
- Vinyl ADA Handrail is available to complement railing while adding safety and accessibility
