

Classic. Enduring. Inspired.

Designed to be water-resistant like MoistureShield's composite decking, our Discovery line of Solid Core™ Railing features a strong material composition at its core that fights damage from rot, insects and other harmful elements.

Standard kits feature a traditional bread loaf profile for the top rail with a vinyl cap for ease of maintenance, but an optional deck board adapter easily creates a flat "cocktail rail" to coordinate with decking. Concealed fasteners combined with a smooth glossy finish provide a clean, polished aesthetic that is easy to maintain. Available in three colors with square vinyl balusters or black round aluminum balusters (white only).

**Will Not Rot,  
Splinter, Warp  
or Stain**

**Lifetime  
Warranty**

- Solid, wood like composition
- On-center panels
