

# Aegis Clip™

## Plastic Hidden Deck Fastener

Aegis Clip offers a 90-degree installation process and fastener options for use on wood or steel joist systems. The bottom teeth on the clip bite into the grooved deck board to help control the deck board's lateral movement. Glass reinforced polypropylene provides lasting strength and durability. Stainless steel fasteners and clips should be used within 10 miles of saltwater, near large bodies of water, rivers, and pools, near areas using deicing salts, and when they will be exposed to products containing chlorides.

- Tight fit for added stability
- Pre-inserted screws for easy installation
- Available in high-strength carbon or stainless steel
- Works with wood or metal frames
- Glass-reinforced plastic for durability
- 90-degree installation
- Consistent 3/16" spacing between deck boards

For Wood Frames      For Metal Frames

### 50 Square Foot Box — Includes 90 fasteners with pre-inserted screws & T-15 Star Driver Bit

SKU	Description
70220038	50 Sqft Box Carbon Steel Screw for Wood Frame Screw Specs: #7 - 10x 1 1/8" Trim Head Type 17 Point I Carbon Steel fully coated with 1000 hour black coating
70220031	50 Sqft Box Stainless Steel Screw for Wood Frame Screw Specs: #7 - 10x 1 1/8" Trim Head Type 17 Point I 304 Stainless Steel with painted head
70220035	50 Sqft Box Stainless Steel Screw for Metal Frame Screw Specs: #7 - 19x 1 1/8" Trim Head #3 Self Drill Point I 410 Stainless Steel fully coated with 1000 hour black coating

### 250 Square Foot Bucket — Includes 450 fasteners with pre-inserted screws & T-15 Star Driver Bit

SKU	Description
70220037	250 Sqft Bucket Carbon Steel Screw for Wood Frame Screw Specs: #7 - 10x 1 1/8" Trim Head Type 17 Point I Carbon Steel fully coated with 1000 hour black coating
70220032	250 Sqft Bucket Stainless Steel Screw for Wood Frame Screw Specs: #7 - 10x 1 1/8" Trim Head Type 17 Point I 304 Stainless Steel with painted head
70220036	250 Sqft Bucket Stainless Steel Screw for Metal Frame Screw Specs: #7 - 19x 1 1/8" Trim Head #3 Self Drill Point I 410 Stainless Steel fully coated with 1000 hour black coating
