

Timeless. Elegant. Pure.

Designed to be water-resistant like MoistureShield's composite decking, our Traverse line of solid core composite railing features a strong material composition at its core that fights damage from rot, insects and other harmful elements.

With a smooth, contemporary T-Rail profile and vinyl cap for ease of maintenance, Traverse Railing comes with concealed fasteners that provide a clean, polished aesthetic. Available in three color options with square vinyl or black round aluminum balusters, Traverse offers the flexibility to suit any home's style.
