

ADA Handrail

Code Compliant Accessibility

ADA Handrail is the perfect finishing touch to your railing install to ensure safety and code compliance on stairs. Choose from vinyl or aluminum, both available with a wide variety of mounting brackets and connection accessories to create any configuration desired. Vinyl handrail can be used with MoistureShield Navigator, Discovery and Traverse Composite Railing. Aluminum handrail is powder-coated to match MoistureShield Compass Aluminum Railing and Fathom Steel Railing.

- Premium powder coated aluminum ADA with advanced weather testing performed
- Versatile components that can accommodate angles up to 90°
- Code compliant and easy to maintain
- Metal-to-metal connections for maximum strength
- Transferable Limited Lifetime Warranty
